

KLove is the primary station that I listen to.
KLove is very uplifting, encouraging, has lyrics that I
enjoy listening to, and that I can identify with.
KLove has a positive influence on people all over the U.S.
So many stations have vulgar, and immoral lyrics, that
effect many people's minds and way of acting, changing
lifestyles, and belief's. I, myself, can't stand listening
to them, and I don't want my kids listening to them.
Music has a profound effect on society, and our young adults, especially. We
need to be able to hear positive ideas, to
help change the way our world is evolving around us.
KLove broadcasts in our area on 91.1, 88.3, and 88.5.
Please don't eliminate KLove's ability to broadcast in all
areas across the U.S.
